

# 2008-09 Membership

As one of Ohio's Eight Educational Technology Agencies we are pleased to bring your district or school another year of technology-infused professional development, instructional programming and invaluable educational resources as a member of ITSCO (Instructional Technology Services of Central Ohio, Inc.).

ITSCO is a state-supported, non-profit corporation founded in 1962 and charged with providing technology services that enhance teaching and learning.

Through partnership with eTech Ohio, ODE and WOSU Public Media, ITSCO continues to deliver relevant and timely services that meet the needs of educators.

Our services include: professional development for technology integration, presentations, educational resources, instructional programming, and access to our video tape library.

All of ITSCO's instructors are teachers with classroom experience committed to delivering high quality professional development to you!

Renew your FREE Basic Services Membership or take advantage of our 50% Discounts on Professional Development by upgrading to an ATS (Additional Technology Services) Membership!

**Sign Up!** .....

## Membership Benefits

To become an Additional Technology Services (ATS) Member, all buildings in your district must join at a \$75 per building rate. Basic Membership is free to all schools in our region.
